**REMARKS/ARGUMENTS**

Reconsideration and continued examination of the above-identified application are respectfully requested.

As set forth on pages 2-6 of the Office Action, the Examiner is requesting that the applicant elect one of 25 groups for examination.

Additionally, as indicated on pages 8-20 of the Office Action, the Examiner requires that the applicant elect a single species by electing the species that corresponds to the group selected for the restriction requirement. The Examiner states that a species must be elected to be examined and identification of the claims encompassing the elected species must be made.

To be responsive, the applicants elect, without traverse, Group 2, directed to claims 4-10 and 17. The applicants elect as the species of Group 2, for A: SEQ ID NO: 3; and for B: SEQ ID NO: 19. Claims 4-10 and 17 read on the elected species. In the event that the Examiner does not believe this response to be fully responsive, the Examiner is respectfully asked to contact the undersigned via telephone.

If there are any fees due in connection with the filing of this response, please charge the fees to Deposit Account No. 50-0925. If a fee is required for an extension of time under 37 C.F.R. § 1.136 not accounted for above, such extension is requested and should also be charged to said Deposit Account.
